...labourers into his harvest.

Luke 10:2

Dear Praying Friends,

Greetings from the deputation road! We commenced deputation on 27th February and got off to a slow start with a wheel falling off our pop-top van 70km south of Rockhampton. This was the start of an eventful couple of weeks, as 5 days later Kylie had surgery in Brisbane and then our car brakes failed coming down Kangaroo Valley. However, through it all, God has abundantly provided for us, bringing different people into our lives to help us as needed. We are especially grateful to Brother Paul at Good Shepherd Baptist Church, Brisbane who was able to repair the van for us.

We are grateful to the churches who have invited us to visit with them; for the support - financial, prayerful and practical - we have received. We have driven many miles, with the record being 1,200km on Sunday between churches.

Charlie in his walker

Our support level is slowly starting to receive commitments from churches in our mission to Madagascar. Thank churches who have contacted us – w to visiting with you.

The three of us are doing well and are accustomed to living in a pop-top. Cf spending more time with his dad and new-found mobility in his walker, teri caravan park residents - with the bird attention!

Caravan parks are very social places and we praise the Lord for the opportunities we hav Gospel when answering questions about where we are going and what we are doing.

Please continue to pray for us as we travel around Australia presenting our burden for M

Yours in Christ,
The O'Derrys

Prayer Points

- *Witnessing opportunities in the caravan park*
- *Safety whilst travelling*
- *Charlie's sleep pattern to improve*
